Subject: Jones Road Water Connection Agreement

Thank you for your help regarding the Jones Road water connection agreement. This is the revision based on and comments we received. Please be advised, the changes was made on section 2.a & 3.c.

As Section 3.c., the TCEQ has no objection for the property owner drilling a new well once the aquifer is restored.

If you have any questions or comments, please let us know by the end of today. We need to print out the agreement for Thursday meeting. Once again, thank you very much.
